

ISDE DB meeting 20 December 2020

notes from Cathey Falvo

Present: Lilian Corra, Roberto Romizi, Peter van den Hazel, Ferdinando Laghi, Agostino Di Ciaula, Hanns Moshhammer, Paolo Lauriola, Francisco Romizi, Cathey Falvo

1. Presidents address-Ferdinando Laghi-attached
2. Discussion-
 - a. need more frequent communication of ISDE issues in light of current world situation (world in lock down because of Covid 19 pandemic)-PvdH
 - b. Increase ISDE identification when publishing and speaking-AC
3. Treasurers report-Hanns Moshhammer-attached
 - a. We need to think of fund raising and working with partners with a track record. Very little outside funding in the past means we do not have a track record [**I think the funding we have had in the past is all quite distant: 2 or 3 for development staff support 1990s, WHO to develop and translate CEH, and one from USEPA Children's Bureau 2005---any others to ISDE international?**]
 - b. Italy has had success funding EH education for physicians and other health personnel
 - c. Italy and Argentina have success translating WHO documents
4. We need more activity on social media including increasing postings to our Facebook page-at least 2-3 per week-FR
5. We continue to participate in UN/UNEP/WHO meetings and processes despite the shutdown for Covid 19
6. Future meetings:
 - a. 30th Anniversary/GA in Italy will be scheduled in late November 2021 if possible
 - b. Increase DB/EC meetings-next in March 2021 via social distancing media.
